

EDI iSeries Developer

DMS Pharmaceutical Group ("DMS") is a full line pharmaceutical wholesaler and specialty distributor. DMS has been in business since 1995 and is recruiting for an EDI iSeries Developer to work in our Park Ridge, IL facility. We are looking for an experienced EDI Developer to join our IT Department. This person will be part of a close-knit IT team focusing on EDI development utilizing Trusted Link EDI on iSeries. This is a direct hire position that is fully onsite.

Requirements:

- EDI Mapping experience
- Experience with an EDI translator on AS400 / iSeries required, preferably TrustedLink for iSeries (TLi)
- RPG programming required
- Excellent communication and analytical skills

Job Types: Full-time, Part-time
